

FEEDBACK FROM PARENTS...

@DCHSparents

"What a super school! I was so impressed, especially with the young people."

"Very positive. Really friendly, open and intelligent pupils. Confident and eloquent. Love the inclusive, community feeling and great facilities of the school."

"Our whole family has been extremely impressed by the efforts you, the staff and pupils have made to welcome potential families to the school, and to combat historic opinion that Drummond is not a destination of choice for local families. So much so that we have decided Drummond is for us, and we've felt is head and shoulders above other out of catchment schools we'd previously considered."

"I was impressed by pupils and love that they really feel they have a voice."

S2 parent's view

"My child feels safe and respected at Drummond. He's been able to discover his passions through learning and trying out new opportunities. It's really reassuring to see how well the staff and pupils get on together. Through humour and encouragement they achieve."

S3 parent's view

VISITING DRUMMOND

This year we invite our local community and families with primary children of any age to:

Open Mornings

Thursday 31 and Friday 1 November 2019
9am - noon

Open Afternoon

Thursday 14 November 2019
4.30 - 6.30pm

Open Afternoon

Thursday 12 March 2020
4.30 - 6.30pm

No need to book, just come along!

If you can't make any of these dates, simply contact the school at admin@drummond.edin.sch.uk to arrange a time that suits you better.

A BUSINESS PARTNER'S VIEW...

"Drummond makes the curriculum for excellence come true. It is a genuinely creative environment where the students learn how to think, share, collaborate and produce innovative, socially-engaged art. They are thoughtful, resilient and well-prepared for what life demands."

Robin Baillie, Senior Outreach Officer, Education Department, National Galleries of Scotland

"Working with the pupils at Drummond is incredibly enjoyable and rewarding. The students are always keen to be involved, and work well together as a team and with other schools. On trips and in competitions, the students show sportsmanship and respect to the pupils and schools they are playing. I always leave an event proud of Drummond students for their behaviour and manners. Watching them progress into young leaders and developing their communication and personal skills is incredibly rewarding."

Jess Lambson, CEC Active Schools Coordinator

NURTURING BIG AMBITIONS

REASONS TO CHOOSE DRUMMOND

www.drummond.edin.sch.uk

@Drummond_CHS

WELCOME!

We are one of the smaller schools in Edinburgh but this does not stand in the way of high aspirations for the growing number of young people who choose to attend Drummond.

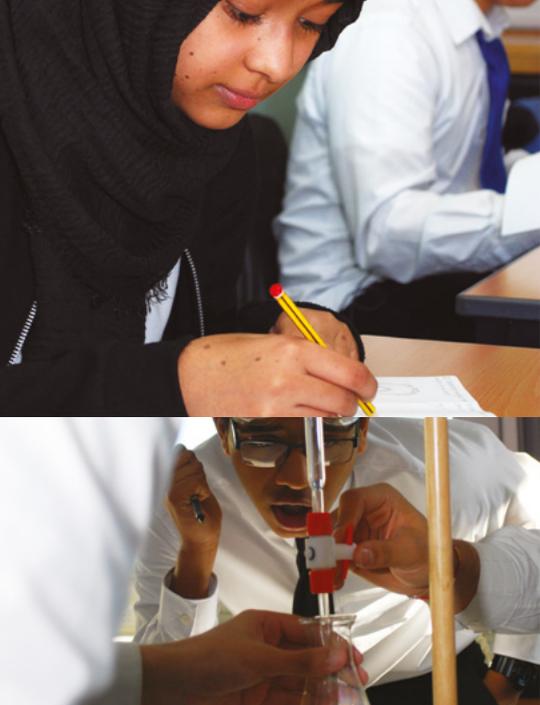

Our vision is 'Nurturing big ambitions' and we are determined that every young person at Drummond has the very best experience. We are committed to developing all our pupils' academic potential, talents, interests, and abilities and offer a fantastic range of opportunities across the S1-S6 curriculum.

Our results are getting better year on year and reflect our ethos of ambition for all. We are really proud of what we do at Drummond and think that you will be impressed too. I look forward to meeting you at one of our open mornings or afternoons very soon.

Headteacher Jodie Hannan

@DrummondHT

WE GET RESULTS!

We review our curriculum regularly to ensure that we can provide all pupils with the most appropriate pathway through school for them. We encourage all our students to remain at school until the end of S6 to maximise their portfolio of qualifications with pupils in S4 taking seven National or Level 5 qualifications, and five subjects in S5 and S6. We teach the full range of subjects at National 5 and Higher as well as number of Advanced Highers.

We work closely with our cluster primaries and have developed a strong and varied transition programme for P5-P7 primary pupils such as treasure hunts, sports events, science days and a technology project so that the move to secondary is as smooth as possible.

All in all, we are committed to ensuring that all our young people have the best possible experience at Drummond and the highest quality of learning and teaching.

@Drummond_CHS

"We were lucky enough to be invited to run a writing workshop at the school with some pupils from S1 and S2, and we can honestly say that we had an incredible time! The pupils were enthusiastic and excited about the prospect of writing about their hero, and we were so pleased with their honesty and awareness throughout. It was a joy to spend the morning with them. Each student put such thought and effort into their writing, and were really proud of what they had created! We are very much looking forward to working with Drummond High School in the future!"
Imogen Young, Explore Learning

"Recently, pupils from Drummond High School joined an interview panel to help National Galleries Scotland recruit a new team of gallery educators. It was a joy working with pupils from Drummond High. I was impressed with their maturity, empathy and their ability to think for themselves. They articulated their opinions well and were a pleasure to work with."
Liz Conacher, Schools Learning Coordinator, National Galleries Scotland

It's been another fantastic year for exam results and this is a flavour of our academic success...

Ours is a vibrant and dynamic school community where staff are always seeking out the most exciting opportunities for our young people to help them reach their potential, such as our seniors winning the prestigious **Bentley Hyperloop Technology** competition; our S2 pupils working closely with industry and Edinburgh College in the award winning **Daydream Believers** project; **Duke of Edinburgh Silver & Bronze** expeditions; S2 pupils involved in writing projects with the **Superpower Agency**; embarking upon our quest to achieve the **Silver Rights Respecting Schools Award**; our ongoing partnership with the **Fruitmarket Art Gallery**; community involvement with the **Pilmeny Project**; sports clubs and competitions with **Active Schools**; creative art & design work with **Edinburgh College**; engineering and architectural experience with **Heriot Watt University** and **Laing O'Rourke** (constructors of the new St James Centre); art exhibitions at the **National Galleries of Scotland**; writing poetry with the **Scottish Poetry Library** and **Art 50 School Britannia**; biology research with **Royal Botanic Gardens**; maths competitions and awards with **Enterprising Maths**; promoting girls' rights with **The Citadel**; writing short stories with **National Young Writers Competition**; drama projects with **The Traverse Theatre**; and more!

So whether your child wants to be a poet or an architect, a doctor or an illustrator, a research scientist or dancer, or just to keep their options open, **Drummond really is the school of choice for local families.**

A BUSINESS PARTNER'S VIEW...

@HWU_archi

"We have enjoyed an extremely positive working relationship with Drummond pupils for a number of years. They have contributed greatly towards building positive relationships with older people in Leith. We greatly appreciate their contribution to our intergenerational work... they always bring great enthusiasm, hard work, fun and laughter to all our sessions!"
Anne Munro, Manager, Pilmeny Development Project

"Working with the pupils of Drummond Community High School on Class Act was an absolute pleasure, and the Traverse Theatre were bowled over by the creative attributes demonstrated by the young people. There is a great sense of generosity and respect within the classroom at Drummond. We were lucky to work with a tri-level class of S4-S6 students, demonstrating a supportive and aspirational shared community of engaged pupils and dedicated teachers."
Sunniva Ramsay, Creative Producer, Traverse Theatre

"It's been great to meet and work with pupils from Drummond. The teachers are really engaged with current issues, and their pupils hold their own in debating and responding to complex problems across the spectrum. From science and engineering to social issues, they are well-prepared for a university experience! The pupils are also confident and self-aware; proud of their school; and more than anything else, interested in the world around them."
Alex MacLaren, Associate Professor – Architecture Senior Director of Studies for Architectural Engineering
