

Dear parents/carers and students,

This communication has just been received from Andy Gray, Chief Education Officer. I will be in touch with plans for Senior Phase pupils to complete outstanding coursework.

In the meantime, all pupils should continue to work remotely on all coursework via Teams.

“For the avoidance of doubt, all school settings including nurseries will be closed next week to all pupils and staff. There will be no exceptions.

We had hoped that some small number of pupils would have been able to access schools for SQA activity, but this must not happen.

During next week we will be refining any arrangements which may be put in place for the following week for Key workers and possibly others.

So to be clear, all schools are closed to all staff and all pupils next week.

Andy Gray,  
CEO “
